PROFESSIONAL EXPERIENCE

Senior Project Manager

Ramapo Communication Corp.

South Hackensack, NJ (Hybrid)

April 2018 – January 2024

- Successfully led 300+ nationwide projects, including the installation of network infrastructure, telecommunication products, and software upgrades.
- Reviewed and negotiated contracts with key stakeholders, including customers, investors, subcontractors, and suppliers, securing favorable terms that contributed to \$5M in annual revenue.
- Collaborated with customers and internal stakeholders to identify challenges and opportunities, refining installation strategies and adapting plans as needed before project kickoff.
- Estimated project costs, prepared budgets, and managed schedules, consistently achieving 40% profit margins by effectively tracking progress and expenses throughout the project lifecycle.
- Work together with cross-functional teams to monitor and analyze product performance metrics, optimizing efficiency, quality testing, and troubleshooting to ensure all specifications were met for carrier deployment.
- Led the integration team in installing and upgrading software, ensuring all tests were completed and issues resolved prior to product deployment.

Assistant Project Manager

Ramapo Communication Corp.

South Hackensack, NJ

August 2016 – April 2018

- Supported the project manager in developing comprehensive project plans, including scope, budget, schedule, and resources.
- Facilitated clear and open communication among project team members, stakeholders, and clients providing regular updates on progress, milestones, and issues resolution.
- Collaborated with finance and accounting teams to invoice clients in accordance with agreed-upon milestone completion, ensuring timely and accurate billing.
- Monitored the entire project lifecycle from initiation to completion, ensuring success in planning, design, execution, and deployment.

Android Developer

HeyCoinBot

Remote

February 2016 – July 2016

- Developed and maintained native Android application using Java.
- Integrated RESTful APIs to fetch and manipulate data from backend servers.
- Applied push notifications using Firebase Cloud Messaging (FCM) to enhance user engagement and app functionality.
- Implemented responsive UI designs with efficient layout management to enhance user experience.

EDUCATION

West Virginia University

Bachelor of Science in Aerospace Engineering

Morgantown, WV

December 2015
